

Invasive alien species indicators in Europe - a review of Streamlining European Biodiversity (SEBI) Indicator 10

[Invasive alien species indicators in Europe - a review of Streamlining European Biodiversity \(SEBI\) Indicator 10](#)

. EEA (European Environment Agency). Technical report No 15/2012. Published: Dec 20, 2012

Abstract: To support the 'Streamlining European 2010 Biodiversity Indicators' (SEBI 2010) process, the European Environment Agency (EEA) commissioned a study to revisit and further develop the indicator 'Invasive alien species in Europe'. The aim of the current project is to critically review and improve this indicator, and propose an updated methodology. Further, options for methodologies of new indicators, which monitor IAS over time across Europe, will be discussed. Particular attention is given to closely linking the indicator(s) to recent biodiversity policy goals and developments.
